

**10 CFR Chs. II, III, and X****48 CFR Ch. 9****Fall 2019 Unified Agenda of Regulatory and Deregulatory Actions**

AGENCY: Department of Energy.

ACTION: Semi-annual regulatory agenda.

SUMMARY: The Department of Energy (DOE) has prepared and is making available its portion of the semi-annual Unified Agenda of Federal Regulatory and Deregulatory Actions (Agenda), including its Regulatory Plan (Plan), pursuant to Executive Order 12866, “Regulatory Planning and Review,” and the Regulatory Flexibility Act.

SUPPLEMENTARY INFORMATION: The Agenda is a government-wide compilation of upcoming and ongoing regulatory activity, including a brief description of each rulemaking and a timetable for action. The Agenda also includes a list of regulatory actions completed since publication of the last Agenda. The Department of Energy’s portion of the Agenda includes regulatory actions called for by statute, including amendments contained in the Energy Independence and Security Act of 2007 (EISA) and the American Energy Manufacturing Technical Corrections Act (AEMTCA), and programmatic needs of DOE offices.

The Internet is the basic means for disseminating the Agenda and providing users the ability to obtain information from the Agenda database. DOE’s entire Fall 2020 Regulatory Agenda can be accessed online by going to www.reginfo.gov.

Publication in the **Federal Register** is mandated by the Regulatory Flexibility Act (5 U.S.C. 602) only for Agenda entries that require either a regulatory flexibility analysis or periodic review under section 610 of that Act. The Plan appears in both the online Agenda and the **Federal Register** and includes the most important of DOE’s significant regulatory actions and a Statement of Regulatory and Deregulatory Priorities.

This document of the Department of Energy was signed on December 18, 2020, by William S. Cooper, General Counsel. That document with the original signature and date is maintained by the Department of Energy. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the Department of

Energy has delegated authority to the undersigned RISC Federal Register Liaison Officer to re-sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the Federal Register.

Terri Tolson-Young

Federal Register Liaison Officer, Regulatory Information Service Center.

Energy Efficiency and Renewable Energy—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
201	Energy Conservation Standards for General Service Lamps	1904–AD09
202	Energy Conservation Standards for Residential Conventional Cooking Products	1904–AD15
203	Energy Conservation Standards for Residential Non-Weatherized Gas Furnaces and Mobile Home Gas Furnaces	1904–AD20
204	Energy Conservation Standards for Commercial Water Heating Equipment	1904–AD34

Department of Energy (DOE)	Proposed Rule Stage
Energy Efficiency and Renewable Energy (EE)	

201. ENERGY CONSERVATION STANDARDS FOR GENERAL SERVICE LAMPS

EO 13771 Designation: Other

Legal Authority: 42 U.S.C. 6295(i)(6)(A)

Abstract: The U.S. Department of Energy (DOE) will issue a Supplemental Notice of Proposed Rulemaking that includes a proposed determination with respect to whether to amend or adopt standards for general service light-emitting diode (LED) lamps and that may include a proposed determination with respect to whether to amend or adopt standards for compact fluorescent lamps.

202. ENERGY CONSERVATION STANDARDS FOR RESIDENTIAL CONVENTIONAL COOKING PRODUCTS

EO 13771 Designation: Regulatory

Legal Authority: 42 U.S.C. 6295(m)(1); 42 U.S.C. 6292 (a)(10); 42 U.S.C. 6295(h)

Abstract: The Energy Policy and Conservation Act (EPCA), as amended by Energy Independence and Security Act of 2007 (EISA), requires the Secretary to determine whether updating the statutory energy conservation standards for residential conventional cooking products would yield a significant savings in energy use and is technologically feasible and economically justified. The U.S. Department of Energy (DOE) is reviewing the current standards to make such determination.

203. ENERGY CONSERVATION STANDARDS FOR RESIDENTIAL NON–WEATHERIZED GAS FURNACES AND MOBILE HOME GAS FURNACES

EO 13771 Designation: Regulatory

Legal Authority: 42 U.S.C. 6295(f)(4)(C); 42 U.S.C. 6295(m)(1); 42 U.S.C. 6295(gg)(3)

Abstract: The Energy Policy and Conservation Act, as amended, (EPCA) prescribes energy conservation standards for various consumer products and certain commercial and industrial equipment, including residential furnaces. EPCA also requires the U.S. Department of Energy (DOE) to determine whether more-stringent amended standards would be technologically feasible and economically justified and

would save a significant amount of energy. DOE is considering amendments to its energy conservation standards for residential non-weatherized gas furnaces and mobile home gas furnaces in partial fulfillment of a court-ordered remand of DOE's 2011 rulemaking for these products.

204. ENERGY CONSERVATION STANDARDS FOR COMMERCIAL WATER HEATING EQUIPMENT

EO 13771 Designation: Regulatory

Legal Authority: 42 U.S.C. 6313(a)(6)(C)(i) and (vi)

Abstract: Once completed, this rulemaking will fulfill the U.S. Department of Energy's (DOE) statutory obligation under the Energy Policy and Conservation Act, as amended, (EPCA) to either propose amended energy conservation standards for commercial water heaters and hot water supply boilers, or determine that the existing standards do not need to be amended. (Unfired hot water storage tanks and commercial heat pump water heaters are being considered in a separate rulemaking.) DOE must determine whether national standards more stringent than those that are currently in place would result in a significant additional amount of energy savings and whether such amended national standards would be technologically feasible and economically justified.
